Company Name	Unique Features
21st Century Pallets Corp.	When inverted can serve as lid, stream line storage. Adjustable length - 45", 48", 52" and 58" Load support - vertical stabilizing edge eliminates load slippage and need for plastic wrap. Four sided destacking notches.
Airdek	"World's lightest pallets." Thermal insulated, shock absorbing, waterproof, sanitary coating, RF invisible (Radio Frequency), fully recyclable.
ALX Pallet Systems	Offers flexible renting, leasing, and purchasing options on standard or custom sizes.
ASAP Skids	Heavy duty modular design for custom applications and easy transition, made from 100% post-industrial waste materials, 100% recyclable. Recessed lagbolt fastening for smooth surface and durability.
Allied Plastics, Inc.	Has wide selection of pallet sizes and applications. Has the capability to build new tooling specific to custom requirements. ISO 9001:2000 certified company and excel in customer service and satisfaction.
American Pallet & Packaging	4 way entry based on a conical pedestal design.
Armstrong Brands	Molded Expanded Polystyrene (EPS) is tough and durable. It complies with ISPM-15 guidelines, is 100% recyclable and has a high strength to weight ratio.
Atlas Material Handling, Inc.	Fully galvanized after welding finish. 40x48s and 48x48s in stock. Custom sizes and design available.
Bayhead Products	Rationally molded plastic pallets.
Buckhorn Inc.	35+ years of experience in designing, manufacturing and implementing reusable plastic pallet systems is the foundation for today's line of light to heavy duty demands in sizes, weight, and style.
Busing Company	Large number of sizes and styles in the industry, with over 36 years experience. Many available in two types of material, one for export and the other for reusable applications.
Cabka North America	Offers a wide variety of plastic pallets in measures and pay loads usable in different areas of application.
Cargotainer	Cost and space saving features, lightweight, durable, 100% recycled and recyclable.
Corrugated Pallets Inc.	Offers both standard and custom designed corrugated pallets that can be easily recycled.
Corrupac	Manufacturer and designer of engineered corrugated pallets and innovative packaging which offers optimized material handling solutions using environmentally friendly recyclable materials.
Creative Techniques	Custom design for each customer's requirement.
Daco Corp.	Access to any style plastic pallet, including food grade, fire retardant, drum, stackable. Offers line of bulk shipping containers and stack and nest containers as well as pallet racks to be used with plastic pallets.
Decade Products	Use 100% recycled pallets. Lightweight, but extremely robust.
Del-Tec Packaging	Places its strongest emphasis on customized packaging design.
Design Pallets Inc.	48x40 pallets can be received 2,160 to a trailer load kdf (knock down flat), pallets can be hand assembled in less than 3 minutes or machine assembled at 250 pallets/hr.
Ecoduro Inc.	Lightweight, nestable, rackable, made from 100% recycled material, recyclable, excellent strength to weight ratio. Odd sizes are specialty, can have die cut decks, can be equipped with pop up boxes.
ENPAC Corp.	One of the world's largest, most comprehensive spill prevention product lines. Fully integrated design and manufacturing committed to delivering product fit, form, and function.
Enviro-Pack Material Handling	Offers a wide selection of pallet styling and sizes providing the best material handling solution to meet your companies needs.
Fabri-Form Co.	Quality products backed by nearly two decades of experience in delivering performance and the best value.
Fibertech, Inc.	Manufactures, repairs and recycles plastic material handling products.
Flexcon	A leading American manufacturer and provider of totes and containers for manufacturing, distribution and warehousing applications.
GL Packaging Products	Ecocode pallets are easily recyclable, which saves disposal costs associated with other pallets.
Gonilla Pallets	A large selection of plastic pallets - 220 different pallet designs. Offer many sizes not available elsewhere in the U.S.
Granville Composite Products	Built its reputation on the ability to produce extremely durable products at competitive prices utilizing its proprietary ToughPre® manufacturing process.
GreenTek, Inc.	Converter, fabricator and master designer of packaging materials, greenhouse coverings, thermal glazing and materials handling products.
Greystone Logistics	Claims to be the largest 100% recycled plastic pallet manufacturer in the United States. Offers a wide variety of plastic pallets.
iGPS	30% lighter than typical multi-use rental pallets, embedded RFID tags, 100% recyclable.
Optiledge	Optiledge has a unique L-shaped design with three nestable feet, one-way nature, is available in many sizes, and is lightweight.
International Metal Pallet Co.	2 way and 4 way entry, galvanized coated, multicolor available in paint, fireproof, capable of very heavy loads, long life.
JECO Plastic Pallets	Custom designer of material handling objects specializing in returnable and high value parts.
J.H. Nunn Associates	Has a wide variety of pallets and palletized containers for various applications and industries.
Millwood Inc.	National manufacturer and distributor of unit load packaging products.
INPAC Material Handling	Offers tailored packaging and supply chain products and services worldwide.
LITCO	47 year old company, Litco is the only U.S. company to offer the Inca presswood pallets. Inca pallets are the first pallet to be awarded the Cradle to Cradle certificate for sustainability. Approved, as is, for export use.
LM Containers	Durable, hygienic, safe, custom fabrication, fireproof. LM has consolidated other major aluminum pallet companies including OTD and RHINO Pallet to become a major supplier in the industry.
Longview Fibre	Longview Fibre Paper and Packaging, Inc. manufactures specialty paper and containers.
Mid-States Packaging Inc.	Pound for pound - honeycomb is a strong and economical core material.
Monoflo International, Inc.	Constructed with structural foam molding to enhance static load capacity and reduce deflection. Durable, lightweight, honeycomb design optimizes strength-to-weight ratio.
M&S Industrial Steel Fabrication	Over 30 years of experience with all types of metals. A team of dedicated employees will help with repairs, modifications, upgrades, new fabrications, and all your welding needs.
Multi-Wall Packaging	Made from 100% recycled materials, recyclable, no splinter, custom-sized, lightweight, reusable.
NEFAB	Company concept embraces the entire logistics chain, from qualified packaging design consultants to final delivery of complete custom packaging solutions for transport and materials handling.
Nelson Company	Offers a variety of plastic pallets available in a range of standard sizes and designs. Custom molded pallets are also available to meet special requirements.
New Pig Corp.	Choose from 1-, 2- and 4-drum containment spill pallets, black pallets that hide grime or translucent containment pallets for easy inspection. Polyethylene construction stands up to most chemicals.
Novo Foam Products, LLC.	Lightweight, recycle, re-use, RFID, thermal, green credits, international.
Numatech Industries, Inc.	Lightweight, 100% recyclable and reusable, decreasing disposal costs, custom sizes available.
One Way Solutions	Low prices, excellent customer service from quoting process through end of pallet's usable life. Nearly every pallet is in stock. Will help you find the pallet that is right for your application.
ORBIS Corp.	Offers a full line of reusable plastic pallets. Orbis pallets are fully recyclable and can be manufactured into other useful product at the end of their service life.
Packaging Corp. of America	Corrugated is a widely used material for packaging. Its versatility and functionality make it a logical choice for most packaging needs.
Packaging Unlimited, LLC.	100% recyclable, rackable, stackable, one time use, export approved, light weight, custom sizes readily available.
Packnet Ltd.	Custom designed and engineered pallets with foam cushions, ramps, t-nuts and various latches and hardware options. Plastic corrugated and skit-mate options as well.
Pak Rite	Pak-Rite, Ltd. manufactures and distributes containers and pallets for both single or limited reuse (expedient) applications and returnable/reusable applications.
PalletKraft NA Corp.	Lightweight, 2 and 4 way entry, exempt from international wood packaging material regulation, available in both standard and custom designs.
Pallet Systems of America	Designs, manufactures and distributes customized shipping solutions and work-in-process pallets for commercial and industrial users.
Pallet Technologies	Makes pallets from 100% recycled plastic with an optional corn-based biocomposite additive derived from byproducts in the ethanol manufacturing process. Highly durable, sustainable, environmentally friendly.
PDQ Plastics	Makes one of the most durable plastic pallets on the market. Provides high customer service for the industry to back them up.
Plastic Pallet & Container	Offers customers a wide variety of standard sizes. Also provides customer with custom plastic pallets in any size or configuration without tooling or mold charges. Helps customers select the best product for application.
Plastic Pallet Creations, Inc	Extra material in the base of each pod (foot) for sliding in the warehouse. Stand offs prevent pallets from sticking together and also allow the pallet to be stacked on a plastic box of the same size without slipping off.
Port Erie Plastics	A leading supplier of custom injection molding, gas assist injection molding and structural foam injection molding. Also do a little extrusion.
Protecta-Pack Systems	Offers extensive line of pallets for the industry. Will design and manufacture a corrugated paper pallet that fits your application. Environmentally sound, employee safe, lightweight.
Rehring Pacific	High pressure injection molder. Because of the process and materials used, are able to offer an extremely long lasting, durable pallet.
Reusable Transport Packaging	Experts have over 50 years of combined reusable packaging experience. Ready and available to provide a custom bulk container, hand-held container, pallet, cart, or corrugated plastic container recommendation.
