Company Name	Unique Features
21st Century Plastics Corp.	DuraLite Pallets from 21st Century Plastics are made from post-industrial recycled plastics.
ARDEX International	Pallets are shock absorbing, thermal insulated, water proof, tamper evident, repairable and ISPM-15 compliant. They are the ideal shipping solution for today's air cargo challenge.
ALX Pallet Systems	ALX is a full service pallet company. It designs, engineers, manufactures and markets pallets and containers. Standard and customized pallets can be sold, rented or leased directly from ALX or through its distributors.
Allied Plastics, Inc.	Allied Plastics manufactures plastic thermoformed pallets in multiple sizes and styles including customized.
American Pallet & Packaging, Co.	American Pallet & Packaging, Co. offers a range of customization options that allow a pallet to be built that matches it intended use.
AnVoy Plastics	The OptiEdge is a lightweight, L-shaped unit load transport device.
A Plus Pallets	Lightweight, custom size, durable, 100% aluminum, no nails or splinters, smooth edges, over 30 years in pallet manufacturing, great ROI, lasts for years, sustainable material, perfect for pharmaceuticals and food industries, fireproof and sanitary
A.S.A.P. Inc.	Pallets are custom made to customers' needs and applications. We can make almost any size.
Bayhead Products	Bayhead Products offers many styles of molded plastic pallets, either rotationally molded or injection molded.
Buckeye Diamond Logistics	Buckeye Diamond Logistics is a single source for comprehensive packaging solutions. Its services include design, engineering, manufacturing, fabrication, warehousing and distribution.
Buckhorn Inc.	Buckhorn's pallet line includes a variety of pallets for light to heavy-duty demands in various sizes, weights and styles.
Cabka North America	CABKA offers light-weight one-way pallets, durable multi-use pallets, antistatic pallets in many sizes and with various load capacities.
Compliance Packaging International	Compliance Packaging International has over 20 years experience working with export pallets such as euro pallets, chemical pallets, plastic euro pallets, and heat treated pallets of all sizes.
Contlex Sonoco	Corrugated pallets runners are ergonomic and safe. No nails-helps reduce workers' compensation injuries.
The Corrugated Pallets Company	Corrugated Pallets has developed an FSC® certified pallet that is designed for multiple uses in all types of industry.
Corrugal	Our pallets are light, strong and answer to all the phytosanitary regulations.
CorTek, Inc.	CorTek offers corrugated/honeycomb pallets in custom sizes.
Creative Techniques, Inc.	Creative Techniques offers custom engineered pallets for customer-specific applications. They specialize in unique, high value product handling, automated conveyance and robotic interface. Their pallets are serviceable and durable.
Daco Corporation	Has access to just about any style of plastic pallet you could want, including food grade, export, fire retardant, drum, nestable, stackable and rackable. We also offer a complete line of food grade containers, stack and nest containers, as well as pallet racking that can be used with the plastic pallets.
Decade Products	The RACX Pallet has the silver Cradle to Cradle Certificate.
Del-Tec Packaging	Del-Tec specializes in returnable packaging for industrial components.
Design Pallets, Inc.	DPI has designed a corrugated pallet to be 100% machine assembled at point of use from two corrugated die cut blanks that can be produced and shipped by any local corrugator. The Loadex corrugated pallets are produced fast enough and inexpensive enough for the fastest moving consumer products on the market.
Ecoduro Inc.	Pallets can be manufactured from 100% recycled material and are recyclable. Licensing opportunities are available. The patented rail system provides strength, durability and the ability to travel on roller conveyors.
ENPAC Corp.	ENPAC specializes in the design and manufacture of proprietary spill containment.
